24 November 2023

Addendum to the twelfth report of the Green Climate Fund to the Conference of the Parties to the United Nations Framework Convention on Climate Change

Executive summary

1. This addendum to the twelfth report of the Green Climate Fund (GCF) to the Conference of the Parties (COP) to the United Nations Framework Convention on Climate Change (UNFCCC)¹ is intended to update the COP on the progress achieved by GCF following the thirty-seventh meeting of the GCF Board (B.37) held in Tbilisi on 23–25 October 2023² and to inform the COP about the progress on the second replenishment of GCF.
2. B.37, the last meeting of the Board in 2023, also marked the end of the first replenishment period of GCF (GCF-1) covering 2020–2023. During this period, GCF has considerably ramped up its programming of new climate finance in developing countries with the Board approving 115 projects and programmes amounting to USD 8.14 billion in GCF funding, in addition to USD 24.64 billion mobilized in co-financing. These projects and programmes have also helped to increase 722 million beneficiaries' resilience to adverse impacts of climate change. The successful conclusion of GCF-1 lays a strong foundation for continued support for climate action in developing countries by GCF during its second replenishment period (GCF-2).
3. At the High-Level Pledging Conference hosted by Germany in Bonn on 5 October 2023, a total of USD 9.322 billion was pledged including the credit earned due to early payment and/or encashment. Overall, a total of 25 contributors made pledges for GCF-2 while four announced their intention to pledge³ and one stated its intention to announce.⁴ Despite a challenging global context, 18 contributors, or 72 per cent of total contributors, increased their pledges in their domestic currencies above GCF-1 levels. Of these, three countries doubled or more their pledges compared to GCF-1, while six others increased by 50 per cent or more. Since GCF will maintain flexibility in receiving contributions on an ongoing basis, it will continue to engage with other potential contributors for additional GCF-2 contributions throughout the GCF-2 period.
4. GCF also advanced key policy and strategic planning matters at B.37. The Board approved the 2024 work programme of the Secretariat and the budget of the GCF Secretariat, Board and Trustee, setting out the Secretariat's top priorities for action – enhancing country ownership and access to GCF funding, delivering impact and results, and focusing on people and performance – as it pursues a progressive trajectory toward delivering the updated Strategic Plan 2024–2027, which was adopted by the Board at B.36 by decision B.36/13. The Board adopted a revised strategy for the Readiness and Preparatory Support Programme to align with the updated Strategic Plan 2024–2027. The Board adopted the revised operational modalities for the GCF Project Preparation Facility to increase its efficiency, effectiveness and impact. The Board approved the update to the investment framework,⁵ updating the allocation parameters and portfolio targets for the second replenishment period, with effect from 1 January 2024. The Board also considered a report on the feasibility study to examine options for establishing a GCF regional presence and a timeline for consultations looking towards 2024 Board meetings.
5. GCF continued to provide support to developing countries through its funding windows to pursue low-emission and climate-resilient development pathways. Following B.37, where the Board approved 15 new funding proposals totalling USD 736.4 million, GCF funding for climate change action increased to USD 13.5 billion through 243 climate change projects and programmes, which will be implemented in 129 developing countries. The current GCF portfolio, including co-financing, is valued at USD 51.8 billion. The projects and programmes are expected to abate a total of 3.0 billion tonnes of carbon dioxide equivalent of greenhouse gases and reach 1.1 billion beneficiaries. Of the USD 13.5 billion approved during the GCF-1 period, the private and public sectors accounted for 36 per cent and 64 per cent of the GCF funding in nominal terms, respectively. The GCF portfolio allocation stands in grant equivalent terms at 54 per cent for adaptation (USD 4.5 billion) and 46 per cent (USD 3.9 billion) for mitigation. The GCF Secretariat and accredited entities (AEs) continue to boost the rate of

¹ The main report is available at <https://unfccc.int/documents/632945>.

² The decisions taken at B.37 will be made available in the compendium of decisions (forthcoming).

³ Australia, Italy, Sweden and Switzerland.

⁴ United States of America.

⁵ See annex 2 to document GCF/B.37/22, available at <https://www.greenclimate.fund/document/gcf-b37-22>.

implementation, with 203 projects and programmes, totalling USD 10.5 billion of GCF approved funding, being under implementation as at 31 October 2023. A total of 137 of those 203 projects and programmes are implemented in the least developed countries, small island developing States and African States, totalling USD 6.0 billion of finance and accounting for 45 per cent of the total approved GCF funding. In terms of adaptation allocation, 66 per cent⁶ of adaptation finance is allocated for vulnerable countries, including least developed countries, small island developing States, and African States, taking into account their urgent and immediate needs, thus going above the GCF-1 target floor of 50 per cent.

6. Under the Readiness and Preparatory Support Programme, as at 31 October 2023, GCF had approved 719 readiness requests covering 142 countries, which includes requests for support for the formulation of national adaptation plans and other adaptation planning processes. USD 538.7 million has been committed in the form of grants, technical assistance and readiness events for those 719 readiness requests, 536 of which are under implementation⁷ and 134 of which have been completed and closed. As at 31 October 2023, GCF had approved 105 adaptation planning proposals, while another 34 adaptation planning proposals were at various stages of the review process.

7. GCF continued its efforts to further expand and strengthen its network of AEs, with specific focus on direct access entities (DAEs). As at 31 October 2023, GCF had provided in-kind accreditation support to 358 entities nominated by the national designated authorities and focal points of 118 countries in the regions of Africa, Asia-Pacific, Eastern Europe, and Latin America and the Caribbean. Forty-two entities, nominated by 48 countries, had received technical assistance enabling completion of their institutional gap assessments and preparation of action plans to address any gaps identified to meet GCF accreditation requirements. As at 31 October 2023, a total of 121 entities⁸ had been approved by the Board for accreditation to GCF, subject to completing legal arrangements with GCF by signing and making effective their accreditation master agreements. Twenty-one applications from 18 AEs to upgrade their accreditation types were received between 17 November 2014 and 31 October 2023, of which 15 upgrades were approved by the Board. As at 31 October 2023, 44 AEs had submitted re-accreditation applications to the GCF Secretariat, of which 31 had their second re-accreditation term approved by the Board at meetings between B.29 and B.37.

8. At B.37, the Board decided to extend the accreditation terms of all AEs by three years from the date their accreditation term lapsed or will lapse, or until the date on which a revised accreditation framework is adopted by the Board, whichever is earlier. This decision was made to allow GCF to focus on broadening access by bringing new DAEs, to respond to challenges relating to the accreditation process, and to work under the Board's guidance on preparing a revised accreditation framework for consideration by the Board by its last meeting in 2024.

⁶ The GCF Secretariat wishes to point out to a technical error in representing this data point in document FCCC/CP/2023/8, para. 105. The number should read 66 per cent.

⁷ Including 491 grants with the status 'disbursed' and 45 grants in legal agreement effective stage.

⁸ Does not include former AEs that are not seeking re-accreditation to GCF.

I. Introduction

1. By decision 5/CP.19, the Conference of the Parties (COP) to the United Nations Framework Convention on Climate Change (UNFCCC) agreed to the arrangements between the COP and the Green Climate Fund (GCF) to ensure that GCF is accountable to and functions under the guidance of the COP.
2. This addendum to the twelfth report of GCF to the COP is intended to update the COP on the progress achieved by GCF following the thirty-seventh meeting of the GCF Board (B.37), held in Tbilisi on 23–25 October 2023, and to inform the COP about progress on the second replenishment process of GCF (GCF-2).

II. Progress on the second replenishment process of the Green Climate Fund

3. The GCF-2 replenishment process was launched by the Board at B.33 by decision B.33/11. In accordance with that decision, an initial organizational meeting and two consultation meetings were held virtually to discuss matters relating to GCF-2, as follows:
 - (a) Initial organizational meeting: virtual meeting, 30–31 August 2022;⁹
 - (b) First consultation meeting: virtual meeting, 1–2 December 2022;¹⁰ and
 - (c) Second consultation meeting: virtual meeting, 27–28 April 2023.¹¹
4. The High-Level Pledging Conference was held in Bonn, Germany on 5 October 2023. The conference was co-hosted by Germany and moderated by the GCF-2 Facilitator, Mahmoud Mohieldin. It was attended by 26 potential contributors, 13 Board members, two representatives of the Trustee, one active observer of the Board from civil society organizations, observers from the UNFCCC secretariat, and the Executive Director of the GCF Secretariat and its staff. It was also attended by high-level delegates from developing countries, representatives of the Presidencies of the twenty-seventh and twenty-eighth sessions of the Conference of the Parties (COP 27 and COP 28) and a member of the Indigenous Peoples Advisory Group, as well as representatives of organizations who participated as panel members in the high-level dialogues.
5. During the pledging session, a total of USD 9.322 billion was pledged, including credit earned due to early payment and/or encashment. Twenty-two contributor delegates announced their countries' pledges, and three pledges were announced by the Facilitator on behalf of countries that were unable to send representatives to attend in person. Four countries¹² expressed their intentions to pledge, and one country¹³ expressed its intention to announce. Contributors communicated their strong support for GCF, emphasizing the critical role that GCF plays in the climate finance architecture, highlighting its innovations in catalytic climate finance, and expressing the need for climate finance to be accessible to the most vulnerable.
6. Austria, Germany and Monaco confirmed their pledges and signed contribution agreements directly after the pledging session. With these three confirmed pledges, the GCF commitment authority for GCF-2 became effective at the pledging conference by surpassing the 25 per cent effectiveness threshold required to start allocating GCF-2 resources.

⁹ See document GCF/B.34/Inf.04 titled "Co-Chairs' summary of the initial organizational meeting for the second replenishment of the GCF", available at <https://www.greenclimate.fund/document/gcf-b34-inf04>.

¹⁰ See document GCF/B.35/Inf.12 titled "Co-Chairs' summary of the first consultation meeting for the second replenishment of the Green Climate Fund", available at <https://www.greenclimate.fund/document/gcf-b35-inf12>.

¹¹ See document GCF/B.36/Inf.07 titled "Facilitator's summary of the second consultation meeting for the second replenishment of the Green Climate Fund", available at <https://www.greenclimate.fund/document/gcf-b36-inf07>.

¹² Australia, Italy, Sweden and Switzerland.

¹³ United States of America.

7. The GCF Secretariat will continue actively engaging with contributors to convert all pledges and intentions into actual contribution agreements/arrangements as soon as possible. Since GCF will maintain flexibility in receiving contributions on an ongoing basis, it will continue to engage with other potential contributors for additional GCF-2 contributions in the run-up to COP 28 and throughout the GCF-2 period.

III. Policy and strategic planning matters from the thirty-seventh meeting of the Board

8. GCF advanced key policy and strategic planning matters at B.37. The Board approved the 2024 work programme of the Secretariat and the annual administrative budget of the GCF Secretariat, Board and Trustee, setting out the Secretariat's top priorities for action – enhancing country ownership and access to GCF funding, delivering impact and results, and focusing on people and performance – as it pursues a progressive trajectory towards delivering the updated Strategic Plan for the GCF 2024–2027, which was adopted by the Board at B.36 by decision B.36/13. The updated Strategic Plan is ambitious regarding strengthening GCF's partnerships, results and capacity to be a partner of choice for developing countries, a fund vehicle of choice for contributors, and an employer of choice for staff.

9. On the policy front, the Board adopted a revised strategy for the Readiness and Preparatory Support Programme to align with the updated Strategic Plan for the GCF 2024–2027. The Board adopted the revised operating modalities for the GCF Project Preparation Facility (PPF) to increase its efficiency, effectiveness and impact. The Board also approved the update to the investment framework,¹⁴ updating the allocation parameters and portfolio targets for the second replenishment period, with effect from 1 January 2024. The Board also considered a report on the feasibility study to examine options for establishing a GCF regional presence and a timeline for consultations looking towards 2024 Board meetings.

IV. Annual update on complementarity and coherence

10. The annual update on the implementation of the operational framework for complementarity and coherence was submitted for the Board's consideration at B.37 as an addendum to the report on the activities of the Secretariat.¹⁵ The document reports on the progress made and the outputs from implementing the operational framework for complementarity and coherence with respect to enhancing complementarity at the activity level, promoting coherence at the national programming level, and advancing complementarity and collaboration among climate funds. The implementation of the operational framework for complementarity and coherence has focused on collaboration with the Global Environment Facility, including the Least Developed Countries Fund and Special Climate Change Fund, the Climate Investment Funds and the Adaptation Fund.

V. Green Climate Fund portfolio

11. At B.37, 15 funding proposals for projects and programmes were approved, representing an investment of USD 736.4 million, and six funding activity agreements were signed following the Board meeting.

12. Taking into account the outcomes of B.37, GCF-approved funding increased to USD 13.5 billion for 243 climate change projects and programmes to be implemented in 129 developing countries. The current GCF portfolio, including co-financing, is valued at USD 51.8 billion. Those 243 projects and programmes are expected to abate a total of 3.0 billion tonnes of carbon dioxide equivalent of greenhouse gases and reach 1.1 billion beneficiaries, based on the estimations of accredited entities (AEs). The GCF portfolio allocation stands in grant equivalent terms at 54 per cent (USD 4.5 billion) for

¹⁴ See annex 2 to document GCF/B.37/22, available at <https://www.greenclimate.fund/document/gcf-b37-22>.

¹⁵ Available at <https://www.greenclimate.fund/document/gcf-b37-inf14-add02>.

adaptation and 46 per cent (USD 3.9 billion) for mitigation. In nominal terms, this corresponds to 44 per cent of funding going to adaptation and 56 per cent to mitigation. Among mitigation results areas, energy access and power generation has the largest portion of GCF funding (42 per cent), while low-emission transport accounts for the smallest of all results areas (13 per cent). As articulated in GCF Board decision B.06/06, and in line with paragraph 3 of the Governing Instrument for the GCF, the Board will continue to aim to maintain a balance between mitigation and adaptation as it approves further projects and programmes.

13. The projects and programmes in the GCF portfolio will benefit 129 countries, comprising 48 in Africa, 41 in the Asia-Pacific region, 32 in Latin America and the Caribbean, and 8 in Eastern Europe. This translates into a funding distribution of 39 per cent (the largest portion) to the Africa region, followed by 33 per cent to the Asia-Pacific region, 25 per cent to Latin America and the Caribbean, and 3 per cent to Eastern Europe. Approximately 30 per cent of GCF funding has been committed to least developed countries (LDCs) and 12 per cent to small island developing States (SIDS). Further details on the approved projects and programmes, following B.37, that will receive GCF funding are provided in annex II.

14. The portfolio utilizes a wide range of financial instruments, as authorized by the Governing Instrument. The largest portion of the portfolio is financed by grants (41.6 per cent), followed by loans (40.5 per cent), equity (11.6 per cent), results-based payments (RBPs) (3.7 per cent) and guarantees (2.7 per cent). GCF funding of USD 4.8 billion for private sector projects is accounted for by loans (51 per cent), equity (32.2 per cent), grants (12.2 per cent), and guarantees (4.6 per cent). For public sector projects, with GCF funding of USD 8.6 billion, grants (58 per cent) account for the largest portion, followed by loans (34.5 per cent), RBPs (5.7 per cent) and guarantees (1.6 per cent).

15. As at 31 October 2023, the number of projects and programmes under implementation reached 203, which accounts for 84 per cent of the total of 243 approved projects. Worth USD 10.5 billion in GCF funding, these projects are being implemented by 58 AEs. Of the total amount of GCF funding for projects under implementation of USD 10.5 billion, 36 per cent has been disbursed, including full disbursement of approved funding for 30 projects. Of that amount, 35 per cent has been disbursed for private sector projects and 65 per cent for public sector projects. The cumulative disbursement is expected to fall in the range of USD 3.8–4.1 billion by the end of 2023, which is 28–30 per cent of the estimated total approved funding.

5.2 Readiness/national adaptation plan support

16. GCF continued to provide support to developing countries under its Readiness and Preparatory Support Programme. At B.37, a multi-year planning approach for both the countries and the Secretariat was adopted and an amount of USD 501.5 million was made available for the execution of the Readiness and Preparatory Support Programme for 2024–2027, bringing the total allocation for the Readiness and Preparatory Support Programme to USD 1,155.7 million (including 12.4 million earmarked for the integrated results management framework window). As at 31 October 2023, a cumulative amount of USD 538.7 million had been committed.

17. As at 31 October 2023, GCF had approved 719 readiness requests covering 142 countries, which includes requests for support for national adaptation plans (NAPs) and other adaptation planning processes, as well as readiness events such as structured dialogues, regional workshops and GCF global conferences (36 events in total).¹⁶ USD 538.7 million had been committed in the form of grants or technical assistance for the 719 readiness requests approved; 536 of the requests are under implementation¹⁷ and 134 have been completed and closed. Of the 142 countries whose readiness requests were approved, 94 were SIDS, LDCs and African States. Details of approved, disbursed and completed readiness grants by region are provided in table 1.¹⁸

¹⁶ A total of 12 grants have been cancelled.

¹⁷ Including grants disbursed and grants under legal agreement effective stage.

¹⁸ A total of 15 grants related to GCF events, such as the Global Programming Conferences, are not counted in the table.

Table 1: Readiness resources committed to countries as at 31 October 2023

Region	Africa	Latin America and the Caribbean	Eastern Europe	Asia-Pacific
Approved	222 grants (USD 165.68 million, 54 countries), 5 grants cancelled	229 grants (USD 163.09 million, 46 countries), 5 grants cancelled	39 grants (USD 32.67 million, 9 countries)	229 grants (USD 177.24 million, 46 countries), 2 grants cancelled
Disbursed	194 grants (USD 98.4 million for 54 countries)	210 grants (USD 114.5 million for 33 countries)	33 grants (USD 24.57 million for 9 countries)	193 grants (USD 105.06 million for 44 countries)
Completed	88 grants (USD 40.6 million, 47 countries)	86 grants (USD 49.4 million, 21 countries)	15 grants (USD 7.9 million, 9 countries)	74 grants (USD 33.1 million, 38 countries)

18. As at 31 October 2023, GCF had approved 105 adaptation planning proposals¹⁹. Most of these readiness grants are in the implementation stage. It should be noted that submission to UNFCCC of a finalized NAP is not a requirement imposed by GCF in order to consider an adaptation planning readiness activity completed, and such submission remains at the discretion of countries. Additionally, the Readiness and Preparatory Support Programme can provide grants as a follow-up to a NAP readiness activity, inter alia for the development of sectoral or subnational adaptation plans, enhancing national climate services, preparation of concept notes, etc.

19. As at 31 October 2023, 34 adaptation planning proposals²⁰ were at various stages of the review process, the majority of the proposals having been sent back to the national designated authorities (NDAs) and delivery partners with technical review comments to facilitate revision and resubmission.

VI. Accreditation

20. At B.37, the Board decided to extend the accreditation terms of all AEs by three years from the date their accreditation term lapsed or will lapse or until the date on which a revised accreditation framework is adopted by the Board, whichever is earlier. This decision was made to allow GCF to focus on broadening access by bringing new direct access entities (DAEs), to respond to challenges relating to the accreditation process, and to work under the Board's guidance on preparing a revised accreditation framework for consideration by the Board by its last meeting in 2024.

21. As at 31 October 2023, GCF had provided in-kind accreditation support to 358 entities nominated by the NDAs and focal points of 118 countries in the regions of Africa, Asia-Pacific, Eastern Europe and Latin America and the Caribbean. To date, 42 entities, nominated by 48 countries, had received technical assistance, enabling completion of their institutional gap assessments and preparation of action plans to address any gaps identified, to meet GCF accreditation requirements.

¹⁹ Albania, Algeria, Antigua and Barbuda, Argentina, Armenia, Azerbaijan, Bangladesh, Belize (three proposals), Benin, Bhutan, Bosnia and Herzegovina (two proposals), Burkina Faso, Cambodia, Chad, Chile (four proposals), Colombia, Cook Islands, Costa Rica, Côte d'Ivoire, Cuba, Democratic Republic of the Congo, Dominica, Dominican Republic, Ecuador, Egypt, El Salvador, Eswatini, Ethiopia, Fiji, Gabon, Gambia, Georgia, Ghana, Grenada, Guatemala, Guinea, Guinea-Bissau, Haiti, Honduras, Indonesia, Iraq, Jamaica (two proposals), Kenya, Kyrgyzstan, Lao People's Democratic Republic (two proposals), Lebanon, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mauritania, Mauritius, Micronesia (Federated States of), Mongolia, Montenegro, Morocco, Myanmar, Namibia, Nauru, Nepal, Niger, Nigeria, Oman, Pakistan, Palau, Panama, Papua New Guinea, Peru, Republic of Moldova (two proposals), Rwanda, Saint Lucia (two proposals), Saint Vincent and the Grenadines, Sao Tome and Principe, Serbia, Somalia, Sri Lanka, State of Palestine, Sudan, Tajikistan, Thailand, Togo, Tonga, Trinidad and Tobago, Tunisia (two proposals), Turkmenistan, Tuvalu, Uganda, United Republic of Tanzania, Uruguay, Uzbekistan, Viet Nam, Zambia and Zimbabwe

²⁰ Bolivia (Plurinational State of), Burundi, Cambodia, Cameroon, Central African Republic (two proposals), Chad, Comoros, Costa Rica, Côte d'Ivoire, Djibouti, Equatorial Guinea, Eritrea (two proposals), Grenada, Guatemala, Kazakhstan, Malaysia, Mali, Mauritius, Mexico, North Macedonia, Paraguay, Senegal, Seychelles, Sierra Leone, Solomon Islands, South Sudan, Syrian Arab Republic, Timor-Leste, Vanuatu, Venezuela and Zambia

22. As at 31 October 2023, a total of 121 entities²¹ had been approved by the Board for accreditation to GCF, subject to completing legal arrangements with GCF by signing and making effective their accreditation master agreements. As at the same date, 95 entities had completed this process and been able to fully operationalize their engagement with GCF, including 58 DAEs (45 national, of which 8 are private sector entities, and 13 regional DAEs, of which 1 is a private sector entity) and 37 international access entities (of which 10 are private sector entities). DAEs represent 61 per cent of the total portfolio of AEs that are able to engage fully with GCF. The Governing Instrument establishes that countries will determine the mode of access, and both the direct access and international access modalities can be used simultaneously.
23. As at 31 October 2023, a pipeline of 147 entities had submitted accreditation applications (including active and inactive). Of these, 13 applications are under Stage II (Step 1 – Accreditation Panel review) and 93 applications are under Stage I. A further 41 entities have submitted an application but have yet to pay accreditation application fees in order to begin Stage I. In addition to the entities that have submitted applications, 118 entities (including active and inactive) have access to the Digital Accreditation Platform but have yet to submit their application.
24. The submitted applications received to date reflect considerable diversity in terms of geographical representation, the type of activities to be undertaken using GCF resources if accreditation is approved, the type of accreditation being sought (e.g. project/programme activity size, fiduciary function, and environmental and social risk category) and whether they are from the public or the private sector.
25. In addition to applications for accreditation, 21 applications from 18 AEs to upgrade their accreditation types, including 10 in parallel with re-accreditation, were received between 17 November 2014 and 31 October 2023, of which 15 upgrades were approved by the Board. Of the remaining six applications, five are from DAEs (one regional DAE, and four national DAEs). All six remaining applications are in Stage I of the upgrade process. The AEs are seeking to upgrade their accreditation type for increased size categories, additional fiduciary functions (e.g. on-lending and/or blending for equity and guarantees) and higher environmental and social risk categories.
26. As at 31 October 2023, of the 121 entities approved by the Board for accreditation to GCF, 31 were accredited as private sector entities. However, many other entities accredited to GCF, including national, regional and multilateral development banks, public sector entities and non-governmental organizations, have brought forward private sector funding proposals to GCF or have partnered with the private sector for their GCF projects and programmes.
27. As at 31 October 2023, 44 AEs had submitted re-accreditation applications to the GCF Secretariat, of which 31 had their second re-accreditation term approved by the Board at meetings between B.29 and B.37.

²¹ Does not include former AEs that are not seeking re-accreditation to GCF.

Annex II: Projects and programmes approved by the Board to receive Green Climate Fund funding following the thirty-seventh meeting of the Board

Table 3: Projects and programmes approved by the Board to receive Green Climate Fund funding following the thirty-seventh meeting of the Board

Approved no.	Project name	Accredited entity	Country list	Region	Mitigation/adaptation/cross-cutting	Public/private	Access modality	Financial instrument	Total GCF project value (USD eq. million)	Total project value (USD eq. million)
FP001	Building the Resilience of Wetlands in the Province of Datem del Marañón, Peru	Profonanpe	Peru	Latin America and the Caribbean	Cross-cutting	Public	DAE	Grants	6.2	9.1
FP002	Scaling up the use of Modernized Climate information and Early Warning Systems in Malawi	UNDP	Malawi	Africa	Adaptation	Public	IAE	Grants	12.3	16.3
FP003	Increasing the resilience of ecosystems and communities through the restoration of the productive bases of salinized lands	CSE	Senegal	Africa	Adaptation	Public	DAE	Grants	7.6	8.2
FP004	Climate Resilient Infrastructure Mainstreaming (CRIM)	KfW	Bangladesh	Asia-Pacific	Adaptation	Public	IAE	Grants	40.0	81.0
FP005	KawiSafi Ventures Fund	Acumen	Kenya, Rwanda	Africa	Cross-cutting	Private	IAE	Equity, grants	25.0	110.0
FP007	Supporting vulnerable communities in Maldives to manage climate change-induced water shortages	UNDP	Maldives	Asia-Pacific	Adaptation	Public	IAE	Grants	23.6	28.2
FP008	Fiji Urban Water Supply and Wastewater Management Project	ADB	Fiji	Asia-Pacific	Adaptation	Public	IAE	Grants	31.0	405.1
FP009	Energy Savings Insurance (ESI) for private energy efficiency investments by Small and Medium-Sized Enterprises (SMEs)	IDB	El Salvador	Latin America and the Caribbean	Mitigation	Public	IAE	Grants, senior loans	21.7	41.7
FP010	De-Risking and Scaling-up Investment in Energy Efficient Building Retrofits	UNDP	Armenia	Eastern Europe	Mitigation	Public	IAE	Grants	20.0	116.1
FP011	Large-scale Ecosystem-based Adaptation in The Gambia: developing a climate-resilient, natural resource-based economy	UNEP	Gambia	Africa	Adaptation	Public	IAE	Grants	20.5	25.5
FP012	Africa Hydromet Program – Strengthening Climate Resilience in Sub-Saharan Africa: Mali Country Project	WorldBank	Mali	Africa	Adaptation	Public	IAE	Grants	22.8	31.0
FP013	Improving the resilience of vulnerable coastal communities to climate change related impacts in Viet Nam	UNDP	Viet Nam	Asia-Pacific	Cross-cutting	Public	IAE	Grants	29.5	40.5
FP014	Climate Adaptation and Mitigation Program For the Aral Sea Basin (CAMP4ASB)	WorldBank	Tajikistan, Uzbekistan	Asia-Pacific	Adaptation	Public	IAE	Grants	19.0	68.8
FP015	Tuvalu Coastal Adaptation Project (TCAP)	UNDP	Tuvalu	Asia-Pacific	Adaptation	Public	IAE	Grants	36.0	38.9
FP016	Strengthening the resilience of smallholder farmers in the Dry Zone to climate variability and extreme events through an integrated approach to water management	UNDP	Sri Lanka	Asia-Pacific	Adaptation	Public	IAE	Grants	38.1	52.1
FP017	Climate action and solar energy development programme in the Tarapacá Region in Chile	CAF	Chile	Latin America and the Caribbean	Mitigation	Private	DAE	Senior loans	39.0	181.0
FP018	Scaling-up of Glacial Lake Outburst Flood (GLOF) risk reduction in Northern Pakistan	UNDP	Pakistan	Asia-Pacific	Adaptation	Public	IAE	Grants	37.0	37.5

FP019	Priming Financial and Land Use Planning Instruments to Reduce Emissions from Deforestations	UNDP	Ecuador	Latin America and the Caribbean	Mitigation	Public	IAE	Grants	41.2	84.0
FP020	Sustainable Energy Facility for the Eastern Caribbean	IDB	Dominica, Grenada, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines	Latin America and the Caribbean	Mitigation	Public	IAE	Grants, reimbursable grants, senior loans	80.0	192.4
FP021	Senegal Integrated Urban Flood Management Project	AFD	Senegal	Africa	Adaptation	Public	IAE	Grants	15.9	75.3
FP022	Development of arganiculture orchards in degraded environment (DARED)	ADA_Morocco	Morocco	Africa	Cross-cutting	Public	DAE	Grants	39.3	49.2
FP023	Climate Resilient Agriculture in three of the Vulnerable Extreme northern crop growing regions (CRAVE)	EIF	Namibia	Africa	Adaptation	Public	DAE	Grants	9.5	10.0
FP024	Empower to Adapt: Creating Climate-Change Resilient Livelihoods through Community-Based Natural Resource Management (CBNRM) in Namibia	EIF	Namibia	Africa	Adaptation	Public	DAE	Grants	10.0	10.0
FP025	GCF-EBRD SEFF Co-financing Programme	EBRD	Armenia, Egypt, Georgia, Jordan, Mongolia, Morocco, Republic of Moldova, Serbia, Tajikistan, Tunisia	Africa, Asia-Pacific, Eastern Europe	Cross-cutting	Private	IAE	Grants, senior loans	378.0	1,385.0
FP026	Sustainable Landscapes in Eastern Madagascar	CI	Madagascar	Africa	Cross-cutting	Private	IAE	Grants	18.5	19.3
FP027	Universal Green Energy Access Programme (UGEAP)	DeutscheBank	Benin, Ethiopia, Kenya, Namibia, Nigeria, Uganda, United Republic of Tanzania	Africa	Mitigation	Private	IAE	Equity, grants	80.0	301.6
FP028	MSME Business Loan Program for GHG Emission Reduction	XacBank	Mongolia	Asia-Pacific	Mitigation	Private	DAE	Grants, senior loans	20.0	60.0
FP033	Accelerating the transformational shift to a low-carbon economy in the Republic of Mauritius	UNDP	Mauritius	Africa	Mitigation	Public	IAE	Grants	28.2	191.4
FP034	Building Resilient Communities, Wetland Ecosystems and Associated Catchments in Uganda	UNDP	Uganda	Africa	Adaptation	Public	IAE	Grants	24.1	44.3
FP035	Climate Information Services for Resilient Development Planning in Vanuatu (Van-CIS-RDP)	SPREP	Vanuatu	Asia-Pacific	Adaptation	Public	DAE	Grants	18.1	21.8

FP036	Pacific Islands Renewable Energy Investment Program	ADB	Cook Islands, Marshall Islands, Micronesia (Federated States of), Nauru, Papua New Guinea, Samoa, Tonga	Asia-Pacific	Cross-cutting	Public	IAE	Grants	17.0	29.2
FP037	Integrated Flood Management to Enhance Climate Resilience of the Vaisigano River Catchment in Samoa	UNDP	Samoa	Asia-Pacific	Adaptation	Public	IAE	Grants	57.7	65.7
FP039	GCF-EBRD Egypt Renewable Energy Financing Framework	EBRD	Egypt	Africa	Mitigation	Private	IAE	Grants, senior loans	154.7	1,007.0
FP040	Tajikistan: Scaling Up Hydropower Sector Climate Resilience	EBRD	Tajikistan	Asia-Pacific	Adaptation	Public	IAE	Grants, senior loans	50.0	128.9
FP041	Simiyu Climate Resilient Project	KfW	United Republic of Tanzania	Africa	Adaptation	Public	IAE	Grants	108.9	181.3
FP042	Irrigation development and adaptation of irrigated agriculture to climate change in semi-arid Morocco	AFD	Morocco	Africa	Adaptation	Public	IAE	Grants	21.2	80.6
FP043	The Saïss Water Conservation Project	EBRD	Morocco	Africa	Adaptation	Public	IAE	Grants	33.9	219.2
FP044	Tina River Hydropower Development Project	WorldBank	Solomon Islands	Asia-Pacific	Cross-cutting	Public	IAE	Grants, senior loans	86.0	241.9
FP045	Ground Water Recharge and Solar Micro Irrigation to Ensure Food Security and Enhance Resilience in Vulnerable Tribal Areas of Odisha	NABARD	India	Asia-Pacific	Adaptation	Public	DAE	Grants	34.4	166.3
FP046	Renewable Energy Program #1 - Solar	XacBank	Mongolia	Asia-Pacific	Mitigation	Private	DAE	Senior loans	8.7	17.6
FP047	GCF-EBRD Kazakhstan Renewables Framework	EBRD	Kazakhstan	Asia-Pacific	Mitigation	Private	IAE	Grants, senior loans	110.0	557.0
FP048	Low Emissions and Climate Resilient Agriculture Risk Sharing Facility	IDB	Guatemala, Mexico	Latin America and the Caribbean	Cross-cutting	Private	IAE	Equity, grants, guarantees, senior loans	20.0	158.0
FP049	Building the climate resilience of food insecure smallholder farmers through integrated management of climate risk (R4)	WFP	Senegal	Africa	Adaptation	Public	IAE	Grants	10.0	10.0
FP050	Bhutan for life	WWF	Bhutan	Asia-Pacific	Cross-cutting	Public	IAE	Grants	26.6	118.3
FP051	Scaling-up Investment in Low-Carbon Public Buildings	UNDP	Bosnia and Herzegovina	Eastern Europe	Mitigation	Public	IAE	Grants	17.3	122.6
FP052	Sustainable and Climate Resilient Connectivity for Nauru	ADB	Nauru	Asia-Pacific	Cross-cutting	Public	IAE	Grants	26.9	65.2
FP053	Enhancing climate change adaptation in the North coast and Nile Delta Regions in Egypt	UNDP	Egypt	Africa	Adaptation	Public	IAE	Grants	31.4	105.2
FP056	Scaling up climate resilient water management practices for vulnerable communities in La Mojana	UNDP	Colombia	Latin America and the Caribbean	Adaptation	Public	IAE	Grants	38.5	117.2
FP058	Responding to the increasing risk of drought: building gender-responsive resilience of the most vulnerable communities	MoFEC	Ethiopia	Africa	Adaptation	Public	DAE	Grants	45.0	50.0
FP059	Climate Resilient Water Sector in Grenada (G-CREWS)	GIZ	Grenada	Latin America and the Caribbean	Adaptation	Public	IAE	Grants	37.4	44.6

FP060	Water Sector Resilience Nexus for Sustainability in Barbados (WSRN S-Barbados)	CCCCC	Barbados	Latin America and the Caribbean	Cross-cutting	Public	DAE	Grants	27.6	45.2
FP061	Integrated physical adaptation and community resilience through an enhanced direct access pilot in the public, private, and civil society sectors of three Eastern Caribbean small island developing states	DOE_ATG	Antigua and Barbuda, Dominica, Grenada	Latin America and the Caribbean	Adaptation	Public	DAE	Grants	20.0	22.6
FP062	Poverty, Reforestation, Energy and Climate Change Project (PROEZA)	FAO	Paraguay	Latin America and the Caribbean	Cross-cutting	Public	IAE	Grants	25.1	90.3
FP063	Promoting private sector investments in energy efficiency in the industrial sector and in Paraguay	IDB	Paraguay	Latin America and the Caribbean	Mitigation	Public	IAE	Grants, senior loans	23.0	43.0
FP064	Promoting risk mitigation instruments and finance for renewable energy and energy efficiency investments	IDB	Argentina	Latin America and the Caribbean	Mitigation	Public	IAE	Grants, senior loans	103.0	163.9
FP066	Pacific Resilience Project Phase II for RMI	WorldBank	Marshall Islands	Asia-Pacific	Adaptation	Public	IAE	Grants	25.0	59.9
FP067	Building climate resilience of vulnerable and food insecure communities through capacity strengthening and livelihood diversification in mountainous regions of Tajikistan	WFP	Tajikistan	Asia-Pacific	Adaptation	Public	IAE	Grants	9.3	10.0
FP068	Scaling-up Multi-Hazard Early Warning System and the Use of Climate Information in Georgia	UNDP	Georgia	Eastern Europe	Adaptation	Public	IAE	Grants	27.1	70.3
FP069	Enhancing adaptive capacities of coastal communities, especially women, to cope with climate change induced salinity	UNDP	Bangladesh	Asia-Pacific	Adaptation	Public	IAE	Grants	25.0	33.0
FP070	Global Clean Cooking Program – Bangladesh	WorldBank	Bangladesh	Asia-Pacific	Cross-cutting	Public	IAE	Grants	20.0	40.0
FP071	Scaling Up Energy Efficiency for Industrial Enterprises in Vietnam	WorldBank	Viet Nam	Asia-Pacific	Mitigation	Public	IAE	Grants, guarantees	86.3	497.2
FP072	Strengthening climate resilience of agricultural livelihoods in Agro-Ecological Regions I and II in Zambia	UNDP	Zambia	Africa	Adaptation	Public	IAE	Grants	32.0	137.3
FP073	Strengthening Climate Resilience of Rural Communities in Northern Rwanda	MOE_Rwanda	Rwanda	Africa	Cross-cutting	Public	DAE	Grants	32.8	33.2
FP074	Africa Hydromet Program – Strengthening Climate Resilience in Sub-Saharan Africa: Burkina Faso Country Project	WorldBank	Burkina Faso	Africa	Adaptation	Public	IAE	Grants	22.5	31.0
FP075	Institutional Development of the State Agency for Hydrometeorology of Tajikistan	ADB	Tajikistan	Asia-Pacific	Adaptation	Public	IAE	Grants	5.0	10.0
FP076	Climate-Friendly Agribusiness Value Chains Sector Project	ADB	Cambodia	Asia-Pacific	Cross-cutting	Public	IAE	Grants, senior loans	40.0	141.0
FP077	Ulaanbaatar Green Affordable Housing and Resilient Urban Renewal Project (AHURP)	ADB	Mongolia	Asia-Pacific	Cross-cutting	Public	IAE	Grants, senior loans	145.0	570.1
FP078	Acumen Resilient Agriculture Fund (ARAF)	Acumen	Ghana, Kenya, Nigeria, Uganda	Africa	Adaptation	Private	IAE	Equity, grants	26.0	56.0
FP080	Zambia Renewable Energy Financing Framework	AfDB	Zambia	Africa	Mitigation	Private	IAE	Grants, senior loans	52.5	154.0
FP081	Line of Credit for Solar rooftop segment for commercial, industrial and residential housing sectors	NABARD	India	Asia-Pacific	Mitigation	Private	DAE	Senior loans	100.0	250.0
FP082	Catalyzing Climate Finance (Shandong Green Development Fund)	ADB	China	Asia-Pacific	Cross-cutting	Public	IAE	Senior loans	100.0	1,401.6

FP083	Indonesia Geothermal Resource Risk Mitigation Project	WorldBank	Indonesia	Asia-Pacific	Mitigation	Public	IAE	Grants, reimbursable grants, senior loans	100.0	410.0
FP084	Enhancing climate resilience of India's coastal communities	UNDP	India	Asia-Pacific	Cross-cutting	Public	IAE	Grants	43.4	130.3
FP085	Green BRT Karachi	ADB	Pakistan	Asia-Pacific	Mitigation	Public	IAE	Grants, senior loans	49.0	583.5
FP086	Green Cities Facility	EBRD	Albania, Armenia, Georgia, Jordan, Mongolia, North Macedonia, Republic of Moldova, Serbia, Tunisia	Africa, Asia-Pacific, Eastern Europe	Cross-cutting	Public	IAE	Grants, senior loans	92.3	274.2
FP087	Building livelihood resilience to climate change in the upper basins of Guatemala's highlands	IUCN	Guatemala	Latin America and the Caribbean	Adaptation	Public	IAE	Grants	22.0	37.7
FP089	Upscaling climate resilience measures in the dry corridor agroecosystems of El Salvador (RECLIMA)	FAO	El Salvador	Latin America and the Caribbean	Cross-cutting	Public	IAE	Grants	35.8	127.7
FP090	Tonga Renewable Energy Project under the Pacific Islands Renewable Energy Investment Program	ADB	Tonga	Asia-Pacific	Mitigation	Public	IAE	Grants	29.9	47.6
FP091	South Tarawa Water Supply Project	ADB	Kiribati	Asia-Pacific	Cross-cutting	Public	IAE	Grants	28.6	58.1
FP092	Programme for integrated development and adaptation to climate change in the Niger Basin (PIDACC/NB)	AfDB	Benin, Burkina Faso, Cameroon, Chad, Côte d'Ivoire, Guinea, Mali, Niger, Nigeria	Africa	Cross-cutting	Public	IAE	Grants, senior loans	67.8	209.9
FP093	Yeleen Rural Electrification Project in Burkina Faso	AfDB	Burkina Faso	Africa	Mitigation	Public	IAE	Grants, guarantees, senior loans	25.8	56.3
FP094	Ensuring climate resilient water supplies in the Comoros Islands	UNDP	Comoros	Africa	Adaptation	Public	IAE	Grants	41.9	60.8
FP095	Transforming Financial Systems for Climate	AFD	Benin, Burkina Faso, Cameroon, Côte d'Ivoire, Ecuador, Egypt, Kenya, Madagascar, Mauritius, Morocco, Namibia, Nigeria, Senegal, South Africa, Togo,	Africa, Latin America and the Caribbean	Cross-cutting	Private	IAE	Grants, senior loans	254.5	692.5

			Uganda, United Republic of Tanzania							
FP096	DRC Green Mini-Grid Program	AfDB	Democratic Republic of the Congo	Africa	Mitigation	Private	IAE	Grants, senior loans	21.0	89.0
FP097	Productive Investment Initiative for Adaptation to Climate Change (CAMBio II)	CABEI	Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Nicaragua, Panama	Latin America and the Caribbean	Adaptation	Private	DAE	Grants, senior loans	15.5	28.0
FP098	DBSA Climate Finance Facility	DBSA	Eswatini, Lesotho, Namibia, South Africa	Africa	Cross- cutting	Private	DAE	Grants, subordinated loans	55.6	170.6
FP099	Climate Investor One	FMO	Burundi, Cameroon, Djibouti, Ecuador, Ethiopia, India, Indonesia, Kenya, Madagascar, Malawi, Mauritius, Mongolia, Morocco, Nigeria, Philippines, Senegal, Tunisia, Uganda, Zambia	Africa, Asia- Pacific, Latin America and the Caribbean	Mitigation	Private	IAE	Reimbursable grants	100.0	821.5
FP100	REDD-PLUS results-based payments for results achieved by Brazil in the Amazon biome in 2014 and 2015	UNDP	Brazil	Latin America and the Caribbean	Mitigation	Public	IAE	Results- based payment	96.5	96.5
FP101	Resilient Rural Belize (Be-Resilient)	IFAD	Belize	Latin America and the Caribbean	Adaptation	Public	IAE	Grants, senior loans	8.0	20.0
FP102	Mali solar rural electrification project	BOAD	Mali	Africa	Mitigation	Public	DAE	Grants, senior loans	27.5	36.3
FP103	Promotion of Climate-Friendly Cooking: Kenya and Senegal	GIZ	Kenya, Senegal	Africa	Mitigation	Public	IAE	Grants	40.7	60.8

FP105	BOAD Climate Finance Facility to Scale Up Solar Energy Investments in Francophone West Africa LDCs	BOAD	Benin, Burkina Faso, Guinea-Bissau, Mali, Niger, Togo	Africa	Mitigation	Private	DAE	Grants, senior loans	64.7	129.4
FP106	Embedded Generation Investment Programme (EGIP)	DBSA	South Africa	Africa	Mitigation	Private	DAE	Subordinated loans	100.0	537.0
FP107	Supporting Climate Resilience and Transformational Change in the Agriculture Sector in Bhutan	UNDP	Bhutan	Asia-Pacific	Adaptation	Public	IAE	Grants	25.3	58.0
FP108	Transforming the Indus Basin with Climate Resilient Agriculture and Water Management	FAO	Pakistan	Asia-Pacific	Adaptation	Public	IAE	Grants	35.0	47.7
FP109	Safeguarding rural communities and their physical and economic assets from climate induced disasters in Timor-Leste	UNDP	Timor-Leste	Asia-Pacific	Adaptation	Public	IAE	Grants	22.4	59.4
FP110	Ecuador REDD-plus RBP for results period 2014	UNDP	Ecuador	Latin America and the Caribbean	Mitigation	Public	IAE	Results-based payment	18.6	18.6
FP111	Promoting climate-resilient forest restoration and silviculture for the sustainability of water-related ecosystem services	IDB	Honduras	Latin America and the Caribbean	Cross-cutting	Public	IAE	Grants, senior loans	35.0	79.0
FP112	Addressing Climate Vulnerability in the Water Sector (ACWA) in the Marshall Islands	UNDP	Marshall Islands	Asia-Pacific	Adaptation	Public	IAE	Grants	18.6	24.7
FP113	TWENDE: Towards Ending Drought Emergencies: Ecosystem Based Adaptation in Kenya's Arid and Semi-Arid Rangelands	IUCN	Kenya	Africa	Adaptation	Public	IAE	Grants	23.2	34.5
FP114	Program on Affirmative Finance Action for Women in Africa (AFAWA): Financing Climate Resilient Agricultural Practices in Ghana	AfDB	Ghana	Africa	Cross-cutting	Private	IAE	Grants, senior loans	20.0	25.6
FP115	Espejo de Tarapacá	MUFG_Bank	Chile	Latin America and the Caribbean	Cross-cutting	Private	IAE	Equity	60.0	1,094.0
FP116	Carbon Sequestration through Climate Investment in Forests and Rangelands in Kyrgyz Republic (CS-FOR)	FAO	Kyrgyzstan	Asia-Pacific	Cross-cutting	Public	IAE	Grants	30.0	50.0
FP117	Implementation of the Lao PDR Emission Reductions Programme through improved governance and sustainable forest landscape management	GIZ	Lao People's Democratic Republic	Asia-Pacific	Mitigation	Public	IAE	Grants	16.1	68.7
FP118	Building a Resilient Churia Region in Nepal (BRCRN)	FAO	Nepal	Asia-Pacific	Cross-cutting	Public	IAE	Grants	39.3	47.3
FP119	Water Banking and Adaptation of Agriculture to Climate Change in Northern Gaza	AFD	State of Palestine	Asia-Pacific	Cross-cutting	Public	IAE	Grants	25.1	47.4
FP120	Chile REDD-plus results-based payments for results period 2014-2016	FAO	Chile	Latin America and the Caribbean	Mitigation	Public	IAE	Results-based payment	63.6	63.6
FP121	REDD+ Results-based payments in Paraguay for the period 2015-2017	UNEP	Paraguay	Latin America and the Caribbean	Mitigation	Public	IAE	Results-based payment	50.0	50.0
FP122	Blue Action Fund (BAF): GCF Ecosystem Based Adaptation Programme in the Western Indian Ocean	KfW	Madagascar, Mozambique, South Africa, United Republic of Tanzania	Africa	Adaptation	Public	IAE	Grants	31.8	58.3

FP124	Strengthening Climate Resilience of Subsistence Farmers and Agricultural Plantation Communities residing in the vulnerable river basins, watershed areas and downstream of the Knuckles Mountain Range Catchment of Sri Lanka	IUCN	Sri Lanka	Asia-Pacific	Adaptation	Public	IAE	Grants	39.8	49.0
FP125	Strengthening the resilience of smallholder agriculture to climate change-induced water insecurity in the Central Highlands and South-Central Coast regions of Vietnam	UNDP	Viet Nam	Asia-Pacific	Adaptation	Public	IAE	Grants	30.2	156.3
FP126	Increased climate resilience of rural households and communities through the rehabilitation of production landscapes in selected localities of the Republic of Cuba (IRES)	FAO	Cuba	Latin America and the Caribbean	Cross-cutting	Public	IAE	Grants	38.2	119.9
FP127	Building Climate Resilience of Vulnerable Agricultural Livelihoods in Southern Zimbabwe	UNDP	Zimbabwe	Africa	Adaptation	Public	IAE	Grants	26.6	47.8
FP128	Arbaro Fund – Sustainable Forestry Fund	MUFG_Bank	Colombia, Ecuador, Ethiopia, Ghana, Guatemala, Paraguay, Peru, Sierra Leone, Uganda	Africa, Latin America and the Caribbean	Mitigation	Private	IAE	Equity	25.0	200.0
FP129	Afghanistan Rural Energy Market Transformation Initiative – Strengthening Resilience of Livelihoods Through Sustainable Energy Access	UNDP	Afghanistan	Asia-Pacific	Mitigation	Public	IAE	Grants	17.2	21.4
FP130	Indonesia REDD-plus RBP for results period 2014-2016	UNDP	Indonesia	Asia-Pacific	Mitigation	Public	IAE	Results-based payment	103.8	103.8
FP131	Improving Climate Resilience of Vulnerable Communities and Ecosystems in the Gandaki River Basin, Nepal	IUCN	Nepal	Asia-Pacific	Cross-cutting	Public	IAE	Grants	27.4	32.7
FP132	Enabling Implementation of Forest Sector Reform in Georgia to Reduce GHG Emissions from Forest Degradation	GIZ	Georgia	Eastern Europe	Mitigation	Public	IAE	Grants	34.8	184.4
FP133	Resilience to hurricanes in the building sector in Antigua and Barbuda	DOE_ATG	Antigua and Barbuda	Latin America and the Caribbean	Adaptation	Public	DAE	Grants	32.7	46.1
FP134	Colombia REDD+ Results-based Payments for results period 2015-2016	FAO	Colombia	Latin America and the Caribbean	Mitigation	Public	IAE	Results-based payment	28.2	28.2
FP135	Ecosystem-based Adaptation in the Indian Ocean – EBA IO	AFD	Comoros, Madagascar, Mauritius, Seychelles	Africa	Adaptation	Public	IAE	Grants	38.0	49.2
FP136	Resilient Landscapes and Livelihoods Project	WorldBank	Ethiopia	Africa	Cross-cutting	Public	IAE	Grants, senior loans	165.2	297.2
FP137	Ghana Shea Landscape Emission Reductions Project	UNDP	Ghana	Africa	Cross-cutting	Public	IAE	Grants	30.1	54.5
FP138	ASER Solar Rural Electrification Project	BOAD	Senegal	Africa	Mitigation	Public	DAE	Grants, senior loans	80.0	210.7
FP139	Building resilience in the face of climate change within traditional rain fed agricultural and pastoral systems in Sudan	UNDP	Sudan	Africa	Adaptation	Public	IAE	Grants	25.6	41.2

FP140	High Impact Programme for the Corporate Sector	EBRD	Armenia, Jordan, Kazakhstan, Morocco, Serbia, Tunisia, Uzbekistan	Africa, Asia-Pacific, Eastern Europe	Mitigation	Private	IAE	Grants, senior loans, subordinated loans	258.0	1,016.9
FP141	Improving Adaptive Capacity and Risk Management of Rural communities in Mongolia	UNDP	Mongolia	Asia-Pacific	Adaptation	Public	IAE	Grants	23.1	79.3
FP142	Argentina REDD-plus RBP for results period 2014-2016	FAO	Argentina	Latin America and the Caribbean	Mitigation	Public	IAE	Results- based payment	82.0	82.0
FP143	Planting Climate Resilience in Rural Communities of the Northeast (PCRP)	IFAD	Brazil	Latin America and the Caribbean	Cross- cutting	Public	IAE	Grants, senior loans	99.5	202.5

Note: See annex I, table 2, for a list of GCF accredited entities and their corresponding abbreviations

Annex III: Approaches taken for facilitating an increase in direct access proposals

In decision B.18/02, paragraph (b), the Board requested the Secretariat to include in its regular reporting to the Board on the status of the Green Climate Fund (GCF) portfolio, pipeline and approved projects, as well as in the annual reports of GCF to the Conference of the Parties to the United Nations Framework Convention on Climate Change, information on the Secretariat's efforts to facilitate an increase in direct access proposals. Table 4 below is presented in response to that Board mandate, as at 31 October 2023.

Table 4: Information on active project concept notes and associated Project Preparation Facility requests from direct access entities

Concept notes, proposals and Project Preparation Facility requests	Requested information	Data	Total funding amount	Disbursement until 31 October 2023	Average time to process or approve
Number and funding amount of submitted concept notes, submitted and approved funding proposals, as well as the disbursement amounts of such proposals, submitted and approved Project Preparation Facility (PPF) requests, as well as the disbursement amounts of such requests, received from accredited direct access entities (DAEs). In cases where a concept note has been developed into, and/or where a PPF request has supported a funding proposal, such indication shall be made available.	Number of active concept notes in the pipeline that are submitted by DAEs	90	USD 2.9 billion (GCF funding)	N/A	N/A
	Number of active funding proposals in the pipeline that are submitted by DAEs	16	USD 0.6 billion (GCF funding)	N/A	N/A
	Number of funding proposals from DAEs approved by the Board	57	USD 2.7 billion (GCF funding)	USD 382 million	438 days
	Number of PPF applications from DAEs submitted with no-objection letters and associated project concepts and are active	74	USD 37.3 million	N/A	N/A
	Number of PPF applications from DAEs with associated funding proposals approved by the Board	15	USD 7.5 million	N/A	N/A
